Esra'a Eid

Amman, Jordan

0796281150 | esraa.eid096@gmail.com

Objective

I am recent graduate with a bachelor's degree in Software Enginnering. During my academic journey, I developed a robust foundation in software development life cycle (SDLC). As a recent graduate, I am seeking a role which allows me to continue learning and perfecting my skills as I provide high-quality work, and encourages me to flourish as network technician.

Experience

- **Microsystem, intern**   July - 2024
  Oracle ADF
  During two-weeks internship, I gained practical exposure to foundational concepts in ADF Oracle development. Under the guidance of senior developers, I acquired hands experience in building applications using Oracle JDeveloper Studio, focusing on implementing basic functionalities and enhancing usability. Additionally, senior developers introduced me to fundamental principles of Service-Oriented Architecture (SOA) and Business Process Management (BPM), demonstrating their integration into enterprise software solutions.

Education

- **Hashemite University**   Sep 2020-June 2024
  Bachelor's degree in Software Enginnering
  3.45/4
